Hello and welcome to MuŁ!

I hope this letter finds you all well as we embark on an exciting year of learning and growth. I am honoured to have the privilege of being a part of your journey as you chase your dreams of becoming medical professionals.

I want to take a moment to say congratulations, and acknowledge and celebrate all that you have achieved thus far. Your hard work, dedication, and determination is truly inspiring, and is what led you here on this long yet fulfilling pathway. I have no doubt that you will continue to excel in the months and years ahead.

As you know, the path to becoming a medical professional is not easy. It requires long hours of studying, hard work, and perseverance. But I have faith in each and every one of you. You have already demonstrated that you have what it takes to succeed, and I am confident that you will continue to do so.

So, as you begin this new year, I want to offer you words of encouragement. Keep pushing forward, stay focused on your goals, and never lose sight of the passion that drives you. Surround yourself with supportive friends and family, and take the time to take care of yourself both physically and mentally.

Remember, success is not about being the best in the class or achieving perfection. It is about doing your best, learning from your mistakes, and growing as a person. So, be kind to yourself, embrace the challenges that come your way, and have faith in yourself and your abilities.

Lastly, don't forget to take advantage of the opportunity of being in the heart of Europe! As important as studies are, nothing will help you to develop yourself as a fellow human like connecting with different cultures and the education of travel. This also goes hand in hand with meeting new friends. We are all from an array of different backgrounds. We eat different things and speak different languages. Take advantage! We are all a learning experience for each other, so let's have fun and enjoy this process together.

In closing, I want to thank you for your commitment and drive. I am proud of each and every one of you and am honoured to be a part of your journey.

Sincerely,

Christine Hanna
